

FIRST ANNUAL STEM COLLABORATIVE
Bridging the gap between high schools and Los Angeles Mission College

January 22, 2021, time 3:00-4:30 pm

[RSVP Here](#)

Agenda

- 3:00 Welcome – Fabiola Mora, LAMC STEM Dean
- 3:05 Guest speaker - Assembly member Luz Rivas
- 3:15 LAMC Dual enrollment program/STEM - Madelline Hernandez / Magaly Rojas-Gonzalez
- 3:25 Discussion – Identify common goals
Moderated by Par Mohammadian, LAMC Life Sciences faculty
Examples:
- Students are best served when there is continuity developed between the local high schools and LAMC
 - Links are needed to help tackle the ‘expectation-reality gap’
 - Work to develop educational partnerships including parents
 - Collaboration will set students up for success after high school
- 3:35 Discussion – Identify challenges
Examples:
- Low interest in STEM fields
 - Many students who do choose STEM too often end up leaving STEM fields
 - Need STEM intervention programs
 - Gaps identified: Basic study skills, Math skills
- 3:45 Discussion – Propose solutions
- 4:20 Next steps
